

introducing Ultra-Lite from RMS!

New Ultra-Lite
POS system:
Processing FSA
cards for a fraction
of the cost of other
systems!

Ultra-Lite from RMS gives you a fully functional, IIAS compliant POS Register that allows you to continue processing FSA cards at a fraction of the price of our more robust Star-Lite and Star-Plus systems.

If your sole reason for purchasing point of sale is processing FSA cards, Ultra-Lite is the solution for you!

Ultra-Lite gives you the following features:

- IIAS Compliance for FSA Card Processing
- PABP Compliance for Internet-Based Credit/Debit Card Processing
- Pharmacy Management System Integration
- Primary Wholesaler Product File Load
- Automated FSA Eligible Items List Monthly Updates
- Cash Management and End-of-Day Sales Reports

It's easy to order Ultra-Lite! First, we coordinate with you for credit card processing and IIAS certification. Then we ship you the system with easy-to-follow setup instructions. Following successful setup, we arrange two 4-hour online training sessions at your convenience. One of our professional trainers simply dials into your system and walks your employees through training. Your employees run the system while our trainer watches, teaches, and assists – it's very efficient! And, if you ever have any questions, simply call our 24-hour support line for assistance.

Best of all:

If your needs change and you'd like a more robust system, you can simply upgrade to our Star-Lite or Star-Plus product and your software and hardware are all compatible.

One-Register System

\$5,899
\$89/month support, or
48-month all-inclusive lease*
\$223.04 per month at 2.53%
